PRICE FIVE CENTS

Will Accept Donations To "Survival Fund" For J. F. Flatley, 33, Badly Burned

At the request of the family and friends of James P. Flatley, Orttanna, critically burned in an explosion at the Hercules Alcol Chemical Company plant, Seven Stars, Feb. 5, The Gettysburg Times will accept volunteer contributions toward a fund to help defray the great expense which will accrue during the long period of his struggle to survive.

Flatley will receive special medical attention from specialists at a burns center in Buffalo, N. Y. It will be many months before he can completely recover.

MANY CONCERNED

There have been countless calls to the plant from friends and others inquiring as to his condition and expressions of concern for his future. There have been some who have said they would contribute to a fund to help defray the great expense.

Because of the severity of Flatley's burns medical science will be subjected to a most severe challenge. Thus far the patient has received excellent care and attention at the Warner Hospital but it will be necessary to resort to burns specialist to carry on the exhaustive medical attention which he will undergo for a long time.

CRITICAL PERIOD

Flatley survived the first days which were called the first critical period. He is now struggling through the second critical period. If he survives this ordeal his chances for recovery will begin to be progressively better from day to day.

The president of the Hercules Company has made an initial contribution to the fund of \$2,000 a portion of which has already been used to pay the additional service of around-the-clock nursing care and other extra hospital services.

If anyone is interested in contributing to the fund they may do so by sending it to The Gettysburg Times, Gettysburg, Pa. Make checks payable to "Survival Fund." All contributions will be publicly acknowledged and the money paid to the medical men who will care for Mr. Flatley.

7 LOCAL BOYS CAPTURED ON CHURCH ROOF

Steps were underway today to certify five and possibly seven Gettysburg boys aged 12 to 15 to juvenile court for vandalism at St. James Lutheran Church here.

Five of the youths were trapped last week on the roof of the church by Howard Waybright and John Rebert when the boys entered the structure immediately after school closed here.

Waybright said acts of vandalism had started at the church last August when someone broke into the church and apparently had a wiener roast in the kitchen. Since then various entries have been made into the church and various acts of vandalism have occurred, such as the breaking of light shades and bulbs, changing signs on the restrooms and generally causing disorder, plus breakage of windows. A locker of custodian John Rebert was broken into and various articles taken. Candy wrappers were strewn about on various occasions.

QUIZZED ON SHOPLIFTING

When work started on renovation of a section of the church, that area was closed off. The vandals broke those doors and "messed up" the painting and renovation work, Waybright said. Wednesday it was decided to secure a special policeman to keep watch about the place during the night. Wednesday afternoon, however, Waybright and Rebert were in the building when they heard some youths enter. They watched unobserved, and the youths went out onto a part of the roof. Waybright and Rebert then locked doors so the youths could not escape and called local police.

At least \$100 damage was done at various times Waybright said. In addition the youths had apparently bent over 40 snow guards on the slate roof and if it is necessary to replace them the cost will be several hundred dollars, Waybright said.

Helen Mercereau, 65, Hagers-town, driver of the other car, suffered contusions of the left shoulder and right leg, and a passenger, Elizabeth Krebs, 62, Hagers-town, suffered a laceration of the scalp, contusions of the back and right hip.

LIGHT SNOW SUNDAY

SCOTT'S CASE CONTINUES IN ADAMS COURT

Trial of Mack Arthur and Donna Jane Scott, Gettysburg, on charges of burglary and larceny and forgery, continued today in Adams County Court.

Glenn Edward Kint, Fairfield, who had pleaded guilty previously to the charge of stealing a check-writer, checks and some money from the Gettysburg Foundry Specialties, Greenmount, on December 11, and then forging the signature of a company officer to some checks and cashing them, was the principal Commonwealth witness this morning.

Kint alleged that Scott, who is a former employee of the foundry, masterminded the plot. He told of Mrs. Scott's calling him to join her and her husband in the crime and then told of the theft of the articles, the writing of checks at the Chambersburg St. apartment of Mr. and Mrs. Scott, and the cashing of checks totaling \$430 afterward.

PROMISED TO "GET EVEN"

The defense contention is that Mr. and Mrs. Scott are in no way connected with the theft of the check-writer. Testimony was presented that Kint had been engaged to Mrs. Scott for a period of time before she broke the engagement and then married Mr. Scott. Chester L. Brown, 122 W. High St., father of Mrs. Scott, said Kint had told him, on a number of times since the wedding of his daughter and Mr. Scott, that "if he goes to jail Donna and Mack will go with him. He said he would get even."

Brown testified that Mr. and Mrs. Scott were at his home to pick up washing. They had left there at about 8:15 on the night of December 11, the night of the burglary at the foundry and the night the checks were cashed. He said the couple stayed about 15 minutes, said they planned to

An action in trespass has been filed in the prothonotary's office by Atty. Donald G. Oyler for Reuben C. Showers, Bendersville, naming Martin L. Sanni, Gettysburg R. 4, as an additional defendant in an action following an accident June 29, 1963, on the Biglerville Rd. According to the complaint, Showers claims that Sanni, operating a 1955 panel truck owned by Dwight L. Strausbaugh, Orrtanna R. 1, failed to signal that he intended to make a left turn after he had stopped in the right lane of the road. As Showers attempted to pass, he claims Sanni turned into the path of the Buick sedan operated by Showers, causing \$425 damage to the Strausbaugh truck. Showers claims that Sanni "is solely responsible" to Strausbaugh for damages.

Trailer Topped Onto Cop's Auto

A Maryland state police cruiser and another vehicle were damaged Saturday morning when a strong wind gust blew a house trailer on top of them.

The mishap occurred about 12:45 a.m. in a picnic area just off U.S. 15 about two miles north of Thurmont.

Tfc. Neil F. Bechtol had pulled his police car into the picnic area to check a house trailer which was turned upside down.

At the same time Allen F. Davis, 35, of Emmitsburg, also pulled his car into the picnic area to see what had happened.

While TFC Bechtol and Davis were looking at the one house trailer which had already blown over, another gust of wind upended a second trailer which toppled on top of the police car and Davis' vehicle.

Damage to the 1963 cruiser was \$75 and damage to Davis' 1957 station wagon was \$125. First Sgt. W. H. Wahl and Cpl. Robert Snyder investigated.

The group met in the offices of Dr. H. F. Harbach, W. Middle St.

ADVERTISE IN THE TIMES

3 CRUSHED TO DEATH AFTER SUNDAY MASS

YEADON, Pa. (AP)—The 9 a.m. Sunday Mass for children at the St. Louis Roman Catholic Church had just ended.

Anthony E. Munro and Paul Santoro, 8-year-old pupils at the parish's parochial school, were chatting with friends as they left the church.

Antoinette Mangione, 57, of Yeaddon, was among a group of adults entering for the next Mass at 10 a.m.

Peter McGinnity, 60, a real estate man, drove into the church parking lot. He let two elderly relatives out and reached over to close a door. The car shot out of control and rammed a group of parishioners against a church wall.

3 ARE KILLED

Anthony and Paul were dead by the time they reached Fitzgerald Mercy Hospital in nearby Darby. Mrs. Mangione died Sunday night of head, internal and leg injuries.

Four others, including McGinnity and two other boys, were injured.

Ignatius O'Brien, Yeaddon police captain, said that McGinnity apparently depressed the accelerator or moved the gearshift lever when he reached over to shut the door.

McGinnity was treated at Mercy Fitzgerald Hospital in Darby for face and shoulder cuts and shock. He was held under \$1,000 bail on a charge of involuntary manslaughter.

Holy Name Unit Sees Local Film

Plans for the annual Communion breakfast March 14 were outlined Sunday evening at a meeting of the Holy Name Society of Annunciation of the Blessed Virgin Mary Catholic Church, McSherrystown.

Marilyn H. Weaver, president of the society, told the 60 members present that Attorney Jesse L. Crabbs, Hanover attorney, will be the speaker for the breakfast to be held in Delone Catholic High School cafeteria. He appointed a committee to sell tickets for the event, noting that "283 attended last year's breakfast and we hope to make it 300 this year."

Preliminary plans were made for the organization to donate toward the planned addition to the parish parochial school. Discussion indicated that about \$300 will be given for the cause.

G. Henry Roth, Gettysburg, spoke of McSherrystown's participation in the Civil War and showed a film on Gettysburg.

NEW CHARTER

(Continued from Page 1)

haar, officer of the day; Leo Weaver, medical officer; Edward A. Culp, Joseph B. Orndorff and Albert W. Kuhn, trustee. Rev. Fr. Lois W. Forgeng is chaplain for the post.

The four citations presented by Commander Weishaar to members of the Father Krichen post for "outstanding service" went to Third Vice Commander Dale Felix for his work in the annual Christmas poster, annual spelling bee and essay contests held among the school children, and for his outstanding work in promotion of the activities of the post.

To Robert Strausbaugh, president of the Home Association for the post. Commander Weishaar pointed out that the construction of the home and its more recent enlargement was to a large extent brought about by the continued work of Strausbaugh.

The citation to Edward F. Smith noted that it was for his devoted service over the years to the post, to the 16th District of the CWV, to the state Catholic War Veterans, to St. Joseph's Church, Bonneauville, and "to his friends and the community generally." The citation commenting on the great amount of work he has done over the years held that without his continued efforts "neither post nor church would have progressed so well."

A citation was given to G. Henry Roth, Gettysburg, for service to the post.

BACKING BUS BILL

State Commander Riley praised the activities of the Bonneauville and McSherrystown posts and the 16th District of which they are part, and the support given by the district and local posts to the state organization. He reported that the Pennsylvania Department of the Catholic War Veterans is seeking to promote state legislation which would provide free transportation for parochial school pupils. He said the state Chamber of Commerce had voted to oppose Catholic School pupil transportation. The CWV and others wrote or visited members of the state Chamber of Commerce, "and in 32 days they changed their position from opposition, to that of having no position on the matter."

The CWV, he said, is enlisted in the battle to help save Olmsted field "where 6,400 veterans are employed," and to retain the Veterans Administration office at Wilkes-Barre, which serves 340,000 veterans. "I am afraid we are going to lose the fight, because 90 percent of the work of the Wilkes-Barre office is done by mail, and that can as easily be done at Philadelphia and Pittsburgh offices. But I am fighting for the 10 percent who go to the office. These men are generally the poorest, the most in need of help."

Riley said: "There is a steady pressure to erode veterans' rights, which now are being called privileges. We need to keep up a steady fight against losing those rights—for while each of us individually may not need them, there are fellow veterans who do."

DANCE FOLLOWS

He displayed a booklet on the history of the Catholic War Veterans printed by the Pennsylvania Department CWV, and noted: "Our basic power comes not from our size, but from our name and our goal. We are Catholic and war veterans and this in itself is a definition of the term good citizen. And our principles. 'For God, For Country, For Home,' guarantee that we will work always to better our nation and battle communism."

Joseph W. Clabaugh, mayor of Bonneauville, welcomed the group; Leo Krichen, Mechanicsburg, commander of the 16th District, said that the Bonneauville post has the largest membership and is the most active of the posts in the district. Mrs. Rita McMaster, president of the auxiliary of the Father Krichen Post, brought greetings.

"WORK-STUDY" H.E.W. GRANT FOR ST. JOSEPH

St. Joseph College, Emmitsburg, today announced that a grant for a college work-study program under the authority of the Economic Opportunity Act has been approved by the Department of Health, Education and Welfare. Effective immediately, the aim of the program is to provide part-time employment for full-time students who are in need of the earnings of such employment to pursue their course of study. The work-study program will be coordinated with the college's existing programs of student financial aid including the National Defense Student Loan program.

The program will be coordinated with the college's existing programs of student financial aid including the National Defense Student Loan program.

TO MATCH FUNDS

The Economic Opportunity Act provides colleges with the means to participate in the nation's anti-poverty program. St. Joseph's initial allotment of \$8,591 and will match the government's succeeding funds with a 10 percent contribution.

Campus employment available to eligible students includes placements as library assistants, student proctors, laboratory assistants, clerical aides and dining room aides.

Sister Rosemary, president of St. Joseph's, said that the college is forming a recruitment staff to talk to school principals in poverty-stricken areas to seek authorization to approach students who might be encouraged to pursue a college education. Orientation seminars are also planned for prospective applicants. Sr. Serena, dean of students, is campus coordinator of the program.

areas suffering minor burns is not healed sufficiently to yield graft material.

4 BROTHERS AVAILABLE

Fortunately, Flatley has four brothers from whom the first grafts will be taken, Dr. Baransky said.

The plant foreman, who is over six feet tall and weighs about 190 pounds, has received about six pints of blood in transfusions and a large amount of plasma to replace the blood lost from seepage. He also is receiving antibiotics. While he is being treated in the "open method"—without bandages—he receives wet dressing compresses to keep the burned tissue from crusting. He has remained conscious since the accident and has been alert and lucid at all times.

He has not appeared to suffer excruciating pain, which Dr. Baransky attributed to two conditions.

TOLERANCE TO PAIN

"He seems to have a very high tolerance to pain and has an excellent psychological attitude. Also, perhaps his nerve sensitivity was destroyed by the deep burns and he does not feel severe pain."

Flatley's recovery will be debatable for at least another month, doctors believe. "But in cases of severe burns, we think in terms of day-to-day survival."

Each skin graft is a major concern because each requires anesthesia, adding to the risks. In Flatley's case Dr. Baransky predicts that he will require well over 100 operations before he is discharged from medical care.

"This will take a number of years," he adds.

Flatley is a native of Scranton and in recent years resided in Buffalo, N. Y., where Mrs. Flatley and their four children plan to live with friends and relatives while her husband is hospitalized.

\$470 ACCIDENT

State police said Leland Smith, 37, Gettysburg R. 5, was driving west on the Lincoln Highway when he drove into the eastbound lane to pass another car. No one was reported injured.

PICK MOUNT SU FOR EXHIBIT

The Cogan Union building at Mt. St. Mary's College, Emmitsburg, Md., was selected by the American Association of School Administrators as an example of student union facilities to be included among the exhibits at the association's convention being held in Atlantic City, N. J., over the weekend.

The split-level building was completed in 1962 at a cost of approximately \$750,000. Its construction was part of the \$3,000,000 Mount Development Program which also included a 208-man dormitory and a million dollar science facility. The former was completed in 1962 and the latter was used for the first time during the fall of 1964.

The Union is constructed of mountain stone and masonry blending with other campus buildings and houses meeting rooms, dining rooms, cafeteria, kitchen, barbershop, post office, and business offices. On the lower level is found a spacious lounge, student game rooms, television lounge, college store, and snackbar.

The building was designed by Washington architects May & Ruppert and was constructed by Henry A. Knott, Inc., Baltimore.

Missing Car Found Twice By Police

Borough police this morning located a missing automobile for the second time in less than 12 hours for a Blue Ridge Summit used car dealer who reported that the car and a salesman had been missing since Thursday.

Paul Frazer, auto dealer, reported that his salesman, Gerald Plank, Table Rock, had taken a 1960 Dodge four-door sedan Thursday and had not returned it to the used car lot. Borough police located the car Sunday night at the Rec Park Diner and notified Frazer of its location. However, by the time Frazer arrived in Gettysburg to claim the vehicle, it had been moved. Police continued their search and this morning located the auto at the rear of a trailer on W. Middle St.

Police removed the keys and motor from the vehicle and again notified Frazer that the vehicle had been located.

ONE HUNDRED YEARS AGO

It is stated in the Lutheran Observer that a single family, belonging to the Lutheran congregation of Pittsburgh, Pa., have determined to undertake the endowment of a Theological Professorship themselves. It is to be designated by the family name of the Donors, and will be known as "The Graff Professorship" in the Theological Seminary at Gettysburg, Pa. Of the \$20,000 required, \$13,500 has already been contributed by the surviving widow and three sons of Henry Graff, Esq., late of Pittsburgh. The mother, Mrs. Elizabeth Graff, and her eldest son, John, paid \$10,000; Christopher subscribed \$3,000, and Matthew, the youngest, just commencing business, \$500, with the anticipation of doubling it should his expectations be realized. It is further stated that a convention of the friends of the Seminary is to meet in Baltimore on the 2nd Wednesday in March next, to adopt a plan and inaugurate measures for the completion of its endowment.

A spectacle was witnessed in the Supreme Court in Washington today which would have been considered quite extraordinary at the time when the Dred Scott decision was rendered. A colored gentleman, who is a member of the Bar of the Supreme Court of Massachusetts, on motion of Hon. Charles Sumner, was admitted as an attorney and counsellor of the Supreme Court of the United States. Thus it will be seen that the black man has rights which the white man is bound to respect.

THE JOURNEY OF WORDS

No travelers in this world go on longer journeys, and visit more places, than do words. They keep the entire world on the move. They keep creeping into millions of minds, and there they give birth to other words that go out on journeys.

Words of hope, comfort, and faith, travel the longest distances, and they are to be met in every library in all lands. We search them out and they search us out! We put them in the library of our mind, and treasure them in our heart.

The words of the Bible, for traveled more miles, and into more minds than any ever sent out in published form, and by word of mouth these words travel today as never before.

We never know, when we give expression to thoughts in words, how far their influence will travel, or who will cherish their visit most. Kind words travel happiest and farthest, and they keep bringing back messages of cheer and appreciation.

People who have never heard of Keats, the poet, have met his words: "A thing of beauty is a joy forever" in their travel over the years. Words, you see, live forever! Their journey is never ended. That is why the helpful, happy words should be sent out, not the ones that hurt and harm, for they, too, unfortunately, travel far.

What a multitude of words from Shakespeare keep paying us visits, as do the words of endless others who have sent out words to inspire the world. And what a variety of purposes these words serve! Each is tagged.

Words are put into books, where they take naps and remain silent, but they can be awakened at any time, and then they travel again, into your mind and mine, and from us, they journey afresh.

There is great potency to words — mightier than the sword, it has been written — so that we should take care in sending them out, equipping them for a happy and useful destination.

Just Folks

NEED'S MUST

The rich go South, but many stay at work,
And brave the rigors which the wealthy shirk;
They shovel snow and trudge the slushy street,
Get frozen ears and noses and wet feet;
Keep fires aglow and wheels upon the move,
And keep the old world running in its groove.

'Tis nice of course to lie upon the sand,
To hear the music of some modern band;
Dance 'neath the moon where palm trees gently sway,
Play golf, attend the races every day.

It's very pleasant where the weather's warm,
But there is something real about a storm.
It's very nice at times at ease to bask,
But there is something good about a task;
And something good in cloth and leather stout,
And a high pride in sticking hardship out.

For when you've felt the breath of winter stings,
You'll give a happier welcome to the spring.
I envy not the ones who run away,
But envy those who have the grit to stay;
"Need's Must," 'tis said, but 'tis the pride of man,
What need must do, however hard, it can!

What were this world, if till the first of May,
We all were rich enough to go away?

A Lovelie' You

By MARY SUE MILLER
In the use of hand creams and lotions, there is more than beauty.

Hands really need those unguents for the health of the skin.

The hand complexion holds very little natural oil and much of it is drained away by household detergents and cleansers. What's more, cleansers upset the skin's chemical balance. Normal skin is slightly acid; most cleansers are highly alkaline and therefore drying.

Unless lost oils and balance are restored, hand complexion is subjected to all manner of infection. Not to mention grubby looks! And it is to that purpose hand lotions and creams are formulated with oils, moisture, balance agents and healing ingredients. But you must not use them in lick-and-promise fashion.

Ideally a hand preparation should be applied before and after wet or grimy jobs; as often as possible after washing the hands. An application should be generous, not a mere dab. It must be massaged in well.

The resultful message follows

this pattern: Repeatedly pinch fingertips between thumb and forefinger; work with rotary motions on knuckles; stroke sides of fingers as if squeezing into tight gloves; stroke backs of hands with palms; rub palms together. Try the method, and you'll make it a regular part of your hand-care program. The results are that handsome!

LOVELIER HANDS

Do you have a hand problem? Send today for LOVELIER HANDS, a booklet that covers every step in a quest for hand beauty. It tells how to keep the skin and nails groomed; how to overcome weak nails, polish chips, discolored knuckles, prominent veins, wrinkles; how to use the hands with poised grace. HOWE SCORES 2; WINGS WIN

By THE ASSOCIATED PRESS
The National Hockey League's 20-goal club has an added touch of class today. The chairman of the board has renewed his membership.

Detroit's Gordie Howe crashed the select circle for the 16th consecutive season Sunday night, scoring twice in the Red Wings' 6-2 victory over New York.

The 36-year-old wonder, who sets a record every time he scores, is only 13 goals short of the 600 mark in regular-season play.

That's how many goals Chicago's Bobby Hull, who returned to action in the Black Hawks' 2-2 standoff against Montreal, still needs to break the season record of 50 he shares with ex-Canadian stars Rocket Richard and Boom Boom Geoffrion. Hull, who had missed four games with a knee injury, failed to score against the Canadiens. He has 16 games remaining.

By coming from behind twice to tie Montreal, the Hawks protected their four-point league lead over the Canadiens and Toronto Maple Leafs, who played to a 2-2 deadlock at Boston in Sunday's other game.

SCHOLLANDER GIVEN AWARD

MILWAUKEE (AP) — Young Don Schollander, winner of four gold medals in swimming at the Olympics last fall, is looking ahead to the 1968 Games, but emphasizes that his education comes first.

"I'm going to school for an education and anything else must be secondary," the 18-year-old Yale University freshman said Sunday night as he was honored as the 1964 Athlete of the Year.

"This is a great honor," Schollander said in accepting the Frederick C. Miller Memorial Trophy awarded by the Fraternal Order of Eagles on the basis of The Associated Press poll of the nation's sports writers and sportscasters.

"When I first heard that I had been named Athlete of the Year, I just couldn't believe it," the muscular young blond told a dinner crowd of some 500, including his parents, Mr. and Mrs. Wendell Schollander of Oswego Lake, Ore.

"I'm looking forward to the 1968 Olympics, but anything can happen, especially in swimming, and I just hope I can make the team," Schollander said. "My education comes first, though. I plan to major in psychology and hope for a career in medicine."

Bullets Fall Prey To Leopards 66-48; Play At Rutgers This Evening

An amazing 63 per cent field shooting of Lafayette stunned the Bullets as the Leopards handed the Gettysburg College basketball team its third straight loss by the tune of 66-48 Saturday evening in the physical education building before 1,250 fans.

Led by Dave Brown's eight for nine and Dan Kristoff's seven for 11, Lafayette, as a team, took only 38 shots during the entire contest and made 24. The Leopards also pushed through 18 of 25 charity tosses. Gettysburg, on the other hand, made but 22 of its 56 field tries and took only six foul shots in 40 minutes, making four.

Preston Denby got things rolling as he gave the visitors the first two points on a lay-up. Dave Yates followed for Gettysburg with a jumper from the top of the key with just 1:46 gone by. That was as close as the Bullets could get all evening. Denby bounced back with a hook from the center to open the gate for a 10-5 Leopard lead after the first seven minutes. Lafayette walked away at the end of the first half holding a 29-25 advantage.

BULLETS SHACKLED

Once again the second half spelled doom for the Bullets. During the first three minutes of the second half Lafayette boosted its lead to 35-27. However, the Leopards did not hit their highest advantage until the last minutes of the game when they led 66-44. The loss was the Bullets' eighth in 15 games. Lafayette is 9-5 on the season.

Leopard rebound and scoring ace, Preston Denby took this game to claim his 1,000th point of a three-year varsity career. The dream point came at the 12:11 mark of the second half when he swished the first of two fouls with his 11th point of the game. Dan Kristoff was high for Lafayette with 21 points followed by Dave Brown's 19. Dave Yates and George Strouse paced the Bullets with 11 points each.

FROTH GET WIN

The Gettysburg Freshmen bounced back to their winning ways by topping Bulls Prep 66-60 in the preliminary contest. The victory, which almost went to Bulls after a late game surge, avenged an earlier setback at the hands of the same Silver Spring, Md., team. Graig Guers, 6'2", was the leading point producer for the Little Bullets with 31 tallies. John Tolmie paced the losers with 27 points, 15 coming on 17 charity tosses.

Gettysburg's varsity will tangle with Rutgers University this evening in New Brunswick, N. J., while the frosh will play the Delaware yearlings in the preliminary to the varsity tilt on Thursday on the home courts.

Waynesboro Y To Hold Cage Tourney

The 18th annual Y-Hi basketball tournament for independent teams will be held March 13-20 in the Waynesboro High School gym, it was announced today.

Around 50 individual and team medals and trophies are awarded annually in the tourney which is sponsored by the Waynesboro YMCA.

Teams and players in the Pennsylvania, West Virginia, Maryland and Washington, D. C., area interested, can get information by writing or phoning the Waynesboro YMCA, phone 717-662-6012.

The deadline for entries will be February 27, according to tournament chairman Warren E. Tomlinson.

LAFAYETTE IS 22-4 VICTIM OF WRESTLERS

The longest winning streak, via pins, in the history of Gettysburg College came to an end Saturday afternoon on the Bullets' mats as Gettysburg's wrestlers defeated Lafayette 22-4 before a large crowd.

Joe Bavaro, who pinned his 10th straight opponent last Wednesday to set a new Gettysburg record for the most consecutive pins, carried off another verdict on Saturday, but this time by way of a gruelling decision. The only man to keep Bavaro from pinning his this year was Lafayette's Bob Sanford. The two 157-pounders put on a furious exhibition throughout the nine minutes. Bavaro led 4-0 after the first frame and opened the second by taking the bottom in hopes of using his speed to record his favorite pin.

However, Sanford's arms were too long for the shorter Bavaro, but the Gettysburg ace did manage to build a 6-1 margin after two periods. Bavaro gave away three points in the final frame in order to gain a better position on his opponent but the ruse Bavaro 6, Sanford 4.

HIGH-SCORING EVENT

Scott Higgins, 147-pounder, got back on the winning trail by rolling to an 18-12 decision over Dick Sadler in one of the highest scoring individual bouts in a long time.

Higgins had a 12-7 lead on his opponent after the first period. Both men then settled down to low scoring second and third frames.

Gettysburg won six of the eight bouts. Lafayette scored its lone four points when Bill Hedden drew with Ed Mason in the 167-pound class and Earl Vigne drew with Bill Andrews in the 177 event.

Despite Bavaro's record pins coming to an end, the Long Islander has now won 17 straight matches over a two-year period. Another record witnessed Saturday was continued by the Leopards. Lafayette has not won a wrestling match since 1961 with event being the 38th without a win. The last team to lose to the Leopards were the Bullets. Gettysburg is currently 8-3 on the season.

DIPLOMATS NEXT FOE

Coach Ray Reider's grapplers will be out to make history once more Wednesday evening when they meet the strong forces of Franklin and Marshall here. Last year the Bullets defeated F and M for the first time in 25-year meeting between the two schools.

Gettysburg will be looking for their second straight against the Dips in a contest that should draw a capacity crowd.

The results:

123 — Doug Wight, G, decided Dick Jenney, 5-4.

130 — John Wallach, G, decided Bob Hann, 4-1.

137 — Jake Seitz, G, decided Don Hibbard, 12-5.

147 — Scott Higgins, G, decided Dick Sadler, 18-12.

157 — Joe Bavaro, G, decided Bob Sanford, 6-4.

167 — Ed Mason, G, drew Bill Hedden, 3-3.

177 — Bill Andrews, G, drew Earl Vigne, 4-4.

Heavyweight — Jeff Alnwick, G, decided Fred Mercer, 7-5.

Mt. St. Mary's rolled up its highest point production of the season Sunday afternoon by clobbering Washington College 107-79 at Chestertown, Md., in a Mason-Dixon Conference game.

The triumph kept the Mount right in the thick of the race for the Northern Division laurels. Coach Jim Phelan's outfit, 16-4 overall, is 10-4 in the division, trailing Loyola 9-1.

After being held to a 44-38 lead in the first half by the Shoremen, the Mount poured 63 points through the net in the second half to win with ease.

13 PLAYERS SCORE

All 13 Mountaineer players hit the scoring column with Bernie Haag topping the parade with 23 tallies. Pete Johnston with 19, Ed Folk with 12, and John Carrell who netted 10, were in double figures.

Rich Carrell and Tom Finnegan netted 23 and 20 for the losers. The Mountaineers will finish their regular campaign with three games this week.

Tonight they tangle with Shepherd College at Shepherdstown, W. Va., in a nonleague game. Wednesday play their final home game with American University in an M-D contest, and finish their conference campaign against Western Maryland at Westminster on Friday.

Bulldozers Cut Away Hill To Reach Body Of Chemist Trapped In Crater Cavity

DOLGEVILLE, N.Y. (AP) — James Mitchell, 23, a chemist, was presumed dead as state police turned to earth-moving machines today to free him from a labyrinth-like cave that has held him captive since Saturday.

Cave-exploring experts Sunday night abandoned attempts to remove Mitchell, of Winthrop, Mass., by efforts from inside Schroeder's cave, near here and about 25 miles east of Utica.

A rescue worker commented: "The dirty part of this is he didn't get hurt — just cold. Inside it is miserable cold. You tear your clothes and you have to force your way through."

WEDGED IN SHAFT

Mitchell had been wedged in a narrow shaft, near the top of an underground crater into which he had descended as two fellow members of the Boston Grotto Club watched. A numbing, cold underground waterfall that had helped to prevent his ascent drenched his body with freezing water and hampered rescue efforts.

William Karras, part of a rescue team flown here from Washington, D.C., made three crawls Sunday to the crater opening — about 300 feet from the cave entrance.

NO SIGN OF LIFE

He said he used a stethoscope and could not detect any sign of life in Mitchell. Karras lowered him to the bottom of the 75-foot crater to facilitate earth-moving operations.

State police requested owners of bulldozers and other heavy equipment to help rip away part of the hillside over the crater.

Rescue efforts inside had bogged down in mud and were cramped by the 12- to 16-inch passageway leading to the crater opening.

Mitchell, Hedy Miller, 22, a Boston, Mass., nurse; and Charles Bennett, 21, a Harvard graduate student, had squirmed

through the passageway Saturday to reach the crater and an underground stream.

LOWERED ON ROPE

Miss Miller and Bennett then helped lower Mitchell into the pit. A nylon cord was anchored to a tripod and the other end was fastened to Mitchell's chest harness.

The underground stream feeds into the crater. Mitchell, who weighs 185 pounds, was soaked by the time he reached the base of the crater. He faltered on the hand-over-hand ascent.

Miss Miller said: "We didn't have the strength to pull him up. He got up within 10 feet of the opening but he started to stall directly in the water fall. He took off his gloves to handle the rope better."

OVERCOME BY COLD

"His hands got numb. He tried too hard and the cold got him."

"He kept talking slower and slower. Finally he didn't answer. His head lolled to one side."

"At that point Charles went for help."

Miss Miller stayed, "but nothing I could do would help him."

Bennett and Miss Miller were treated for exposure and shock at the Little Falls hospital.

Mitchell left his Waterville, Ohio, home in September to work at the General Electric Co. in Lynn, Mass. His friends knew him as an outdoors enthusiast who had been exploring caves since last fall.

The Grotto Club is a club of spelunkers, or cave explorers.

Penn State Seeks Bucks Co. Site

UNIVERSITY PARK, Pa. (AP)—Pennsylvania State University said today it is still seeking a site in upper Bucks County for relocation of its Allentown extension center.

Purpose of moving the 18-year-old off-campus center is to make it more convenient for students in the Bucks, Lehigh and Northampton County areas.

Plans for the switch were first announced last year, but the university has been unable so far to find a satisfactory location.

The Allentown campus was first established in 1947, but Penn State has been offering courses in the Allentown area since 1912.

Get rid of burnable trash indoors for only pennies a day without smoke or odor in a GAS Incinerator

Big Capacity—New gas incinerators will hold about 1½ bushels of wrapped garbage and burnable trash.

Complete Disposal—Just set automatic timer. The gas flame burns everything burnable.

Smokeless, Odorless—The gas flame completely consumes smoke, fly ash and all odors. Clean air is exhausted out the flue and into the chimney.

No Mess—A fine, gray, cigarette-type ash is collected in a convenient, pullout drawer. Depending on your usage, it need be emptied only a few times a month.

Modern Design—Gas incinerators are styled as modern as other appliances in your utility room.

New smokeless, odorless gas incinerators are available in this area at appliance stores, department stores, plumbing and heating contractors. For complete information call your Gas Company office.

Reds Stir Anti-American Protests In Many Nations

By ANTOINE YARED
JAKARTA, Indonesia (AP) — A Communist-led mob shouting "crush America" marched on the U.S. embassy in Jakarta Saturday as protests against U.S. air strikes in North Viet Nam spread to other parts of the world, including Paris and San Francisco.

About 500 members of the Communist party youth wing marched in front of the embassy in Jakarta for about a half hour. They dispersed after five of them presented a petition to a staff member. The embassy was closed for the weekend and only a few diplomats were on duty.

Riot police armed with rifles and wearing steel helmets surrounded the embassy building. There was no violence and no damage was done.

THROW TAR BOMBS

At Cordoba, Argentina, Communist youths yelled anti-U.S. slogans and hurled tar bombs against the U.S.-Argentine Cultural Exchange Institute and littered a street with anti-American leaflets.

In Oslo, Norway, mounted police cleared away about 150 persons who carried anti-American placards in front of the U.S. embassy. Some of them scuffled with the crowd. Three demonstrators were arrested.

The placards read "Hands off Viet Nam," "U.S.A. out of Viet Nam" and "Free elections in Viet Nam."

Police said several known Communists were in the group.

GUARD EMBASSY

In Vienna, about 50 Austrian Communist party members

were kept away from the U.S. embassy. A delegation handed a petition to American officials.

About 200 chanting youths staged a protest at the embassy in Prague, Czechoslovakia. Embassy officials said police kept them well away from the building.

Forty South Vietnamese students in Japan were joined by students from Malaysia, Burma, Thailand and Japan, in an orderly demonstration in central Tokyo calling for immediate suspension of the Viet Nam war.

CONDEMN STRIKES

North Viet Nam and its Asian Communist allies continued to condemn the U.S. strikes. Communist Chinese and North Korean newspapers carried front-page stories attacking the United States.

The Central Committee of the National Liberation Front of South Viet Nam, the official name for the Viet Cong, sent a message to its units congratulating them on the Feb. 7 attack on U.S. installations at Pleiku which touched off the air raids.

The message called the attack "a major victory of important significance."

BUDAPEST RIOTS
BUDAPEST (AP) — Nearly 1,000 Communist-led students Saturday staged a violent anti-American demonstration and some of them broke into the building of the U.S. legation here.

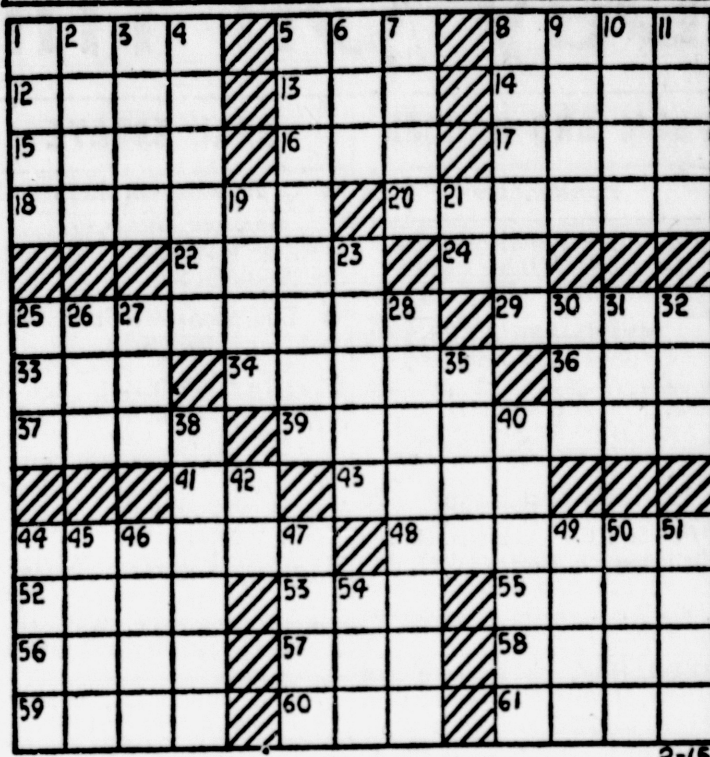

Slogans shouting Hungarian, African and Asian students protesting U.S. attacks on North Viet Nam smashed front windows of the legation building in Budapest's Freedom Square.

Some broke into the basement and caused damage to the snack bar and movie, a legation spokesman said.

Legation officials guarded the locked entrance to the building while the crowd outside yelled "down with American aggressors" and hurled stones at the legation.

GOOD SAFETY RECORD
WILLOW GROVE, Pa. (AP) — Air Force Reserve pilots have logged more than 50,000 accident-free hours in 35 C-119 "Flying Boxcar" transports since moving to the Willow Grove Air Station from New Castle, Del., seven years ago. At the same time Saturday, Col. Reginald Anderson, the base commander, announced that the Continental Air Command has listed two troop carrier groups at the base as having reached "combat ready" status. They are the 912th and 913th.

Larry Helterbride and Ronald Hopkins were named to the executive committee by Jaycee President Dean Brown. Footless Grid Ace Gets Scholarship

CINCINNATI (AP) — Jack Rice, who didn't let the loss of his feet keep him from playing football, was \$1,000 closer to college today thanks to a Cincinnati philanthropist.

The \$1,000 scholarship was a gift from Mrs. A. B. (Dolly) Cohen, who presented him with it Friday as young Rice and his family came from Barrackville, W. Va., for a visit to Cincinnati.

Jack lost his feet eight years ago in a railroad accident. He played football on rubber feet attached to plastic sleeves that fit the stumps of his legs below the knees. He walks with a slight limp.

Red Flag Raised On Federal Building

SAN FRANCISCO (AP) — The Communist Viet Cong flag was run up the flagpole of the San Francisco federal building Friday by demonstrators protesting U.S. counterattacks in North Viet Nam.

The flag was swiftly hauled down by General Service Administration guards. Police said about 500 persons participated. The demonstrators marched into downtown San Francisco

SAYS TRAFFIC PROBLEMS ARE MOST CRUCIAL

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP) — You think city housing, transportation, construction, deterioration, suburban sprawl, are tough problems today? Just wait until tomorrow.

Some leaders in banking, transit, utilities, education, construction and air defense who have taken a look at tomorrow's probabilities think you shouldn't wait to do something about them. They agree the city is here to stay, in fact will get bigger, but shouldn't be allowed to grow haphazardly as in the past.

"The city is still the market place for ideas as well as goods and services," says David Rockefeller, president of Chase Manhattan Bank, New York, in the upcoming issue of the General Electric Forum. "The efforts put into keeping our cities truly livable are basic to our national security."

MOST CRUCIAL PROBLEM

"We must insure that our cities survive," counsels the commander in chief of the North American Air Defense Command, Gen. John K. Gerhart, "as they contain the people and the industry which would make this survival meaningful."

"Nuclear generating stations hold the important promise of making our cities even cleaner," says Walker L. Cisl, chairman of Detroit Edison, and president of the Edison Electric Institute. "The time will certainly come when city dwellers will welcome the clean, silent, safe nuclear generation stations as a good neighbor."

"The most crucial, frustrating problem facing U.S. metropolitan areas today is peak-hour traffic congestion," says San Francisco's B. R. Stokes, general manager of the Bay Area Rapid Transit District. "Free-ways, though essential, are not by themselves enough."

And just ahead?

100 NEW TOWNS

"In the United States there are 180 new towns of 1,000 acres or more in the planning stage or being built," notes Richard W. O'Neill, editor in chief of House and Home magazine. "When completed, they will eventually house close to 15 million people and may represent a total outlay of as much as \$100 billion. In full swing, they could account for as much as 20 per cent of housing's annual production."

How to deal with the problems that this expansion will intensify? Rockefeller feels that govern-

ment money, except for public facilities such as roads, schools and parks, can't do the trick alone. He calls for "active partnership between private enterprise and government agencies at all levels."

DEFENSE ADEQUATE NOW

Gen. Gerhart says our present weapons are effective against the bombers of today, but "any improvement in speed capability of Soviet bombers or in the range of their air-to-surface missiles carried by the bombers would stretch our resources to the limit."

The traffic snarl will call for lots of government help, Stokes contends. He believes that the recent passage of the \$375-million federal mass transit bill will become "as important to the transit industry and the metropolitan areas of the country as was the federal highway bill to the highway interests."
